

# TWO RIVERS ACTIVITY CENTER

JAMESTOWN, ND

As 2015 approached, a referendum to secure a 1% city sales tax for the construction, operation, and maintenance of Two Rivers Activity Center (TRAC) was sought and approved allowing the dream became a reality.

The Two Rivers Activity Center (TRAC). includes locker rooms, walking track, gym, tennis/turf area, aquatics and lesson pool, multi-use court space, group fitness rooms, cardio deck and weight room with a variety of Matrix Strength Machines as well as free weights and squat racks, a learning center for children and youth development, an art recreation center, recreational and leisure activities, and is designed to support health and wellness for all ages while providing the surrounding community a location to hold meetings.

The structure consists of a combination of steel frame and masonry bearing walls with precast floor decks and steel roof joists. Also included was a suspended running track and an air supported enclosure.

**Project Size:** 135,000 SF

**Completion Date:** 2017

**Project Cost:** \$28.6 Million
